Bachelor's in Communication CUC

2008 to 2011 - Mexico

SIDE BUSINESS

2 short term rental properties (really proud of them)

- Way different markets; 1 Pre-built and 1 from scratch (had to define original concept and oversee the construction and design process).
- Conducted thorough market research: Analyzed housing market trends, assessed property and land values while evaluating amenities.
- Made extensive interior design decisions: Managed the selection of materials, color schemes, lighting fixtures, and layout configurations to create harmonious and inviting amenities.
- Reached a yearly profit of 20%. Planning on strategies to increase this percentage.
